THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the Town of Epsom in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Epsom on Tuesday, the Thirteenth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will raise and appropriate the sum of \$10.00 for the observance of Memorial Day.

4. To see if the Town will raise and appropriate the sum of \$400.00 for the White Pine Blister Rust control.

5. To see if the Town will raise and appropriate the sum of \$552.46 for the construction and maintenance of Class V Roads, T.R.A. so called; the state to contribute \$2,209.83.

6. To see if the Town will raise and appropriate the sum of \$544.50 for the purchase of tar for Class V Roads, T.R.A. so called.

7. To see if the Town will raise and appropriate the sum of \$50.00 for the purchase of land for a town dump.

8. To see if the town will raise and appropriate the sum of \$2,854.50 for the final payment on the snow plow note.

9. To see what discount, if any, the town will allow on all property taxes paid previous to July 15, 1945.

10. To see if the town will vote to authorize the Selectmen to borrow such sums of money as may be necessary in anticipation of taxes.

11. To see if the Town will vote to support United States membership in a general system of international co-operation, such as that proposed at the Dumbarton Oaks Conference, having police power to maintain the peace of the world.

12. To transact any other business that may legally be brought before the meeting.

Given under our hands and seal, this 24th day of February, in the year of our Lord nineteen hundred and forty-five.

KARL F. RAND,

## REPORT OF THE TRUSTEES OF THE EPSOM PUBLIC LIBRARY

---

With regret, in September, the Trustees accepted the resignation of our efficient librarian, Miss Hester E. Bickford; we are fortunate in having Miss Yeaton as her successor.

A book deposit slot drop has been installed alongside the front door of the Library, for the convenience of those who wish to return books at hours when the Library is not open.

The Trustees have considered the inadequate heating facilities of the otherwise convenient and comfortable Library building. They are looking into the possibility of installing double windows and supplementary heating facilities.

The Trustees hope the citizens of our Town will take increasing advantage of the large and excellent list of books and reference volumes which make our Library an institution of which we can be very proud.

## REPORT OF EPSOM VOLUNTEER FIRE DEPARTMENT

For Year Ending December 31, 1944

---

I submit herewith the annual report of the Epsom Volunteer Fire Department.

Regular meetings were held in the most part to carry on the business of the department. The annual supper was held at the November meeting.

Under the fire code and laws of the State of New Hampshire, we have made the necessary inspections regarding the protection of life and property from fire damage. The town of Epsom is one of the few towns which has not suffered serious fire loss during the year, and with your co-operation we hope to keep up this record.

The calls we made were for chimney fires where little or no damage resulted. The Fire Department has not forgotten its members nor other town boys in the service, and we are with them 100 percent.

## HELP THE WAR EFFORT BY PREVENTING FOREST FIRES

NO ONE is exempt from helping to win the war! EVERYONE, regardless of age, has his or her place in the overall effort! Some men, because of age are called upon to bear arms; man ships, submarines and planes; minister to the injured and maintain morale. Women, in larger numbers, are serving with the armed forces as nurses and members of the several women's military organizations — WACS, WAVES, SPARS, etc. War industry has taken millions of men and women whose accomplishments have been the marvel of the world. Civilians at home are doubling up on their activities because of the shortage in manpower, purchasing bonds, assisting in numerous patriotic undertakings, maintaining home morale and, on the whole, carrying on with a cheerfulness and determination that is typically American. Yet, despite the time, thought and effort we are all putting into the war effort in general, we are, true to our peculiar American characteristics, heedless and careless about many important things and one of these is FIRE as it relates to our forests.

Much harm can be done the war effort because of our carelessness with fire. Lumber has gone to war in a BIG WAY! Our New Hampshire forests are contributing their full share insofar as manpower permits. Fire, the greatest enemy of the forests, destroys, during each of these critical years, hundreds of acres of valuable trees that could contribute to the war effort. Forest fires disrupt the war's business by taking men from their important work in industry and on the farm and reduces production of necessary war materials and food. Forest Fires require the spending of much money and material that might otherwise be diverted into

vital war channels. Forest fires, are, for the most part, unnecessary and avoidable for ninety-eight percent of such fires are, annually, the result of human carelessness — yours and mine. This can and should be remedied — NOW! YOU CAN HELP THE WAR EFFORT by PREVENTING FOREST FIRES! The rules of the game are simple.

1. *Always* be careful with fire in or near woodlands.
2. Comply with regulations governing the use or starting of fires there. Remember
  - a You need written permission from your local forest fire warden for debris burning fires when the ground is not covered with snow.
  - b Be sure your match, cigar, cigarette and pipe ashes are OUT before dropping them.
3. Be fire-minded NOW as never before; be careful; caution others to be careful; be cooperative and thus help your warden, your town, your nation and yourself!

### HELP THE WAR EFFORT BY PREVENTING FOREST FIRES

The 1944 fire record for our town is:

Number of fires	5
Acreage burned	149½
Number of permits issued	9

ARTHUR H. SULLIVAN,  
Forest Fire Warden.

## REPORT OF SUPERINTENDENT OF SCHOOLS

*To the School Board and Citizens of Epsom:*

The present organization of the schools is as follows:

<i>School</i>	<i>Grades</i>	<i>Teacher</i>	<i>Pupils</i>
Gossville Primary	I-III	Mrs. Katherine C. Knight	26
Gossville Grammar	IV-VI	Mrs. Ethel F. Murch	35
Short Falls	VII-VIII	Mrs. Verna M. Hunt	20
Total			81

The frame for educational changes after the war is even now being planned. Many members of the services are already taking government correspondence courses from the Armed Forces Institute. The "G. I. Bill of Rights" contains liberal provision for re-educating the handicapped veterans and completing the education of those who might have been studying in schools and colleges except for their induction. Educational leaders are advocating the raising of the compulsory school attendance age limit to 18 years, with public education available on the junior college level or in regional trade schools. It is likely that a considerable amount of work-experience for young people will be combined with their academic training, as time goes on.

In our own state, some of the forward steps in school policy advocated by superintendents include minimum salary limit for teachers, state aid for rural high school transportation, restoration of an adequate number of supervisory unions, fixing of salaries of State Board of Education administrative officers by the Board itself, and retirement provision for superintendents as well as other state employees. Many of these measures could be provided for in an orderly way by means of the allocation of a reasonable millage proportion of the

state tax for state aid to school districts and the other needs of state-wide public education.

After the war, it is more than likely that the government will require a year of universal military training. Shall this be a full year of strictly military training at some fixed time, say age 17 regardless of high school graduation, or will there be an option as to time, place, auspices, and type of training? Shall this requirement include girls as well as boys, and will it make provision for the 40% of rejectees as well as those who are fit? Will all training be in military establishments, or will at least part of it be in civilian schools and colleges, factories, business establishments, hospitals, and summer camps? Will the program provide for a wide class of subjects valuable in both military and civil life, such as science and mathematics, languages, vocational and technical training, aeronautics, radio, nursing, information, and supply? Will the federal government utilize local facilities and encourage further development of state programs, or will it go to the tremendous expense of setting up and maintaining a parallel system of education? It is for the American people to discuss these questions and make their wishes known.

Shortly after my last report, a set of books entitled "Wonders of Animal Life" was graciously presented to the Gossville School by Mrs. Mary Jones Smith as a tribute to the remarkable life and personality of her late husband, the Reverend Robert A. Smith.

As a defense project, the school this fall collected 26 bags of milkweed pods for life-jackets used at sea.
